Architects

Take your time to find me  
I can't promise where I'll be  
these nights I felt so restless  
Tonight I feel useless

take your time to find me  
I can't promise where I'll be  
these nights I feel so restless  
tonight I'm useless

Blaming myself  
for every woman  
I should have thought this through  
before I hold you down with me  
Motionless I lay  
When your words could save me from  
this situation

I've been laying here for what seems  
like days  
And it was my mistake from the start

Take your time to find me  
I can't promise where I'll be  
It was my mistake from the start

Take your time to find me  
I can't promise where I'll be  
It was my mistake from the start

Motionless I lay  
when the words that saved me  
Staring back into  
dead sunk eyes?

I need the right words to come...  
I need the the right words,  
but I just can't find it  
I just can't find it

I'll spend years  
making you believe  
I was just a bad dream  
just a bad dream

And it was my mistake from the start  
I've been laying here for what seems  
like days

Take your time to find me  
I can't promise where I'll be  
It was my mistake from the start

take your time to find me  
I can't promise where I'll be  
It was my mistake from the start

I'm determined  
to find a way, out  
to disconnect myself  
from you, again

How can I  
have shattered  
my one chance  
ooow, to you  
How can I  
feel like I'm  
shattered my  
ooohooo  
to me

I'll spend years  
making you believe  
that I was only a bad dream

I'm determined  
to find a way, out  
to disconnect myself  
from you, again

How can I  
have shattered  
my one chance  
ooow, to you  
How can I  
feel like I'm  
shattered my  
once chance tonight
