

Beef In Box

Architecture in Helsinki

Make the rabbit from the horse
Forest into venom
Do it back in record time
Looked at a planet upside down
Up, ack, a different planet for the shoutouts
In the shell into the show
Up to me
Make the rabbit from the horse

You can see me
You can read me
I will find you
On your own

You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
Baby, you don't stop
You don't stop
You don't stop till the beef is in the box

Don't stop, beef in the box
Jump in your cab and go to the shop
Say hi as you cross the garden
Down on 10 and to the right
Don't forget to change your song
Saw a rabbit or an ass
On alarmer are and you
Forrest Gump bought a bed
Seat with you in the flood
[?] beef in the box
Let's go dance, coast and pass
Call us in the pick and pick you up
Beat, beat, I love a good beat
STC and stick with me, so
If you die on the fence
Clap your hands, beef in the box!

You can see me
You can read me
I will find you
On your own

You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop

You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
You don't stop
You don't stop
You don't stop till the beef is in the box
