Love, don't be a hole in my falling heart
Love doesn't know about
The love, the love, the love, the love, my love
I have for you

You shine so brightly
Light inside me
Shining so brightly
Light inside me
The light, the light, the light, the light, the light
I have for you

Love, don't be a fool in my broken mind
Love doesn't realize
The truth, it's true, it's true, it's true, my love
I have for you

You shine so brightly
Light inside me
Shining so brightly
Light inside me
The light, the light, the light, the light, the light
I have for you
