

get through this

Arco

try to find a way
get through this
laugh it all away
or raise your fist

oh, but laughter's pain's truth denied
oh, and anger's shame trying to hide

nothing much remains
just be still
if silence can't explain
nothing will

oh, and when it's said you don't feel
oh, try to smile and make it real

oh, and it's hard to find
oh, and it's hard to fight
