

# Left Behind

Arco

Devils ashes live under my nails  
Where's the hope, belief in humanity  
Ask for a drink, strangers look down on me

Fallen angel that is I  
I'll lead you all you left behinds  
Now is ever do or die  
Together no man left behind  
We are the left behinds

We are the left behinds

Metal hearts melted down  
Pool of souls, I wish to drown  
Where's the hope, belief in humanity  
Ask for a drink, strangers look down on me

Fallen angel that is I  
I'll lead you all you left behinds  
Now is ever do or die  
Together no man left behind  
We are the left behinds
