

# It Won't Change

Arcwelder

(s macdonald)

There's a word above and the word is love it won't change it won't change

And the sky is blue and so are you it won't change it won't change

And he treats you bad like he always had it won't change it won't change

And he treats you wrong like he has all along it won't change it won't change
