Arden Jones

(Yeah)  
Wishin' I been hopin'  
Drinkin' I been smokin'  
Smile at every person I see

And I've been tryin' to find  
A single fuck to give  
But they don't ever  
Give a fuck about me

I'm careless  
I'ma drink a potion  
Smoke a little flower  
I'm as high as I was hopin'  
I'm careless  
Wishin' I could fly  
What's the point when  
All of us gon'  
End up in the sky

It's not like I can leave instead  
(No they never hear me callin')  
So I'ma try best  
(Guess I'm dancin' with my problems again)  
Guess I can waste my breath  
(Happy being solid)  
But I'ma try my best  
(Guess I'm dancin' with my problems again)

I may seem  
Alone at times  
My mind's just  
In the sky
