

day by day

Arden Jones

Yeah

One year to fall in love
Somehow it's time I wanna get back
One day to fuck it up
This time, it's something I won't get past
You're caught, you lied
Didn't know we're playing tricks like that
You say you're fine
But don't complain when I don't hit you back

Like something wrong with me, my God
Oh, I'ma just write these songs to heal my heart

So day by day, I let you go
Hang 'round people I don't know
I focus on distractions I'll forget
So go 'head, flirt with all my friends
Make the same mistake again
I hope this time it's something you regret

Damn, I don't wanna be in real life if this is what it feels like
Really sell her soul to the devil if the deal's right
Really been cold, don't know what it's like to feel light
Watch it unfold, you with him in the hills

Like something wrong with me, my God
Oh, I'ma just write these songs to heal my heart

So day by day, I let you go
Hang 'round people I don't know
I focus on distractions I'll forget
So go 'head, flirt with all my friends
Make the same mistake again
I hope this time it's something you regret

So day by day, I let you go
Hang 'round people I don't know
I focus on distractions I'll forget
