lovesick

Arden Jones

Lovesick
I'm nauseous when
I get to thinking 'bout us
Are we just fallin' to fall
Just to fall out of love

Catch feelings
And they washed away
Said nobody going to take my place but
Even people with the best intentions
They can lie baby

I don't wanna talk
Don't wanna even start
I put my money on this
Ending in a broken heart
The more I love you
More it hurts
When we get torn apart
Do you ever wonder if it's worth it?
This hurting

Now
Lovesick
I'm nauseous when
I get to thinking 'bout us
Are we just fallin' to fall
Just to fall out of love
Weighed on my conscience
I'm waiting till we fuck it up
Are we just fallin' to fall
Just to fall out of love

Are we just fallin' to fall
Just to fall out of love

I don't wanna live a life like this
Falling out so we can fall back in
Every time we're headed for disaster
I'll be fine baby

I don't wanna talk
Don't wanna even start
I put my money on this
Ending in a broken heart
The more I love you
More it hurts
When we get torn apart
Do you ever wonder if it's worth it?
This hurting

Now
Lovesick
I'm nauseous when
I get to thinking 'bout us
Are we just fallin' to fall
Just to fall out of love

Weighed on my conscience
I'm waiting till we fuck it up
Are we just fallin' to fall
Just to fall out of love

Are we just fallin' to fall
Just to fall out of love
Just to fall out of love
Just to fall out of love
Just to call out of love

Are we just fallin' to fall
Just to fall out of love
