

Show it to me  
Your salary  
When I'm feeling under  
It enlightened me  
Oh, you crazy moon  
I work from 9 to 5

I don't know where to find you everyday  
I'm working hard from 9 to 5  
Been waiting for that promotion you said  
But it's been years and I'm hanging on subsidies

If I could be on a magazine next to Conan  
Wouldn't it be fun?  
Oh, I'm just a guy works 9 to 5

Is there is someone waiting over me?  
I dreamt of getting paid on time  
I know I'm saying yes too easily  
Life isn't always like love on a first sight

So tell me, Sheena, is it fun to stay  
While your man's working every time?  
Is it the fundamental thing to say?  
'Cause everyone must have their own way to shine

If I could be on a magazine next to Conan  
Wouldn't it be fun?  
Oh, I'm just a guy  
No, I'm just a guy  
I'm just a guy works 9 to 5
