

# Love Distance

Ardhito Pramono

I feel down again  
I'm tired again  
Accepting for being who I am  
I'm tired, and tired, and tired again, I  
'Cause I don't wanna die alone  
I don't wanna die alone

I'm falling into the same hole again  
Stabbed in my own chest again  
Still trying stay for being who I am, I  
'Cause I don't wanna die alone  
I don't wanna die alone  
I don't wanna die alone  
I don't wanna die alone

So we make same mistakes over and over  
After get on this parade  
So why do I have vision over this love?  
I just don't know what to say

Love is all about distance  
Although I can't imagine how I feel without you  
Love is all about distance  
Love is all about mistakes  
Although I can't imagine how I feel without you  
And love is all about mistakes

Tired again, I'm broken again  
Marking my own hand again  
I'm tired, and tired, and tired again I  
I just wanna die alone  
I just wanna die alone  
And I just wanna die alone

'Cause we make some mistakes over and over  
After get on this parade  
So why do I have vision over this love?  
I just don't know what to say

Love is all about distance  
Although I can't imagine how I feel without you  
Love is all about distance  
Love is all about mistakes  
Although I can't imagine how I feel without you  
And love is all about mistakes

Love is all about distance  
Now I can love me more when I'm without you  
Love is all about distance  
Loving you is my mistakes
