

## Love Song For Chesney

Ardhito Pramono

We can pretending  
That our love will ending  
That way I'm longing to see  
How love will make you  
Fading to blue  
And I'm not pretending to you

And now I'm just a fool around you  
Remember our love is true

Let's not pretending  
'Cause the world is ending  
And I wanna spend it with you  
Don't let it fading  
Turns into blue  
And I'm not pretending to you

Say that you love me  
Put your arms around me  
Let's get pretending to see  
And I won't complaining  
How you dress this morning  
Let's get pretending  
I will not pretending  
Not pretending to you
