Ardian Bujupi

This one goes out to all the real women in the world

Bujupi
Let's go (We got laid in New York City)
Oh-yeah (ladieees)
Bam-bam-bam-bam-bam-bam (boom)

You got it, and I gotta have it
Sexual healing, talk to me now
You're like a remedy, remedy
Shot in my body, stuck in my heart (hey)
I got a feeling that you're the one
And I can't get enough
Everyday you show me the reason why
I belong with you

Spend the rest of my la-la-la-life (yo)
Bring you all of my la-la-la-love (yo)
Baby, if you want me na-na-na-na-now
I'ma shut up and kiss you
Spend the rest of my life
Bring you all of my love
Baby, if you want me now
I'ma shut up and kiss you (come on)
Give me a kiss right na-na-now
A sweet little kiss right na-na-now
Now give me a kiss right na-na-now
A sweet little kiss

Give me a kiss, I know you
Won't forget to close your eyes
Now everything's happening slowly
Your body is coming closer to mine (let's go)
I wanna control your mind
Down to your neck like my tongue cold as ice
Girl, I won't ask twice
Come with me and let me lay you down tonight

Spend the rest of my la-la-la-life (yo)
Bring you all of my la-la-la-love (yo)
Baby, if you want me na-na-na-na-now
I'ma shut up and kiss you
Spend the rest of my life
Bring you all of my love
Baby, if you want me now
I'ma shut up and kiss you (shut up and kiss you)

Just when I do it, I move ya body
The ladies, they kiss-kiss on me
Alili, dance to beats make my whip
Li-li-li-li dreamin' to hold tight mahan
B-b-b-b, D-D-D-DJ, run a replay
Lick a shot, let the girl move the body
Slow wife, starts wine, everybody
Get sexy, make it messy (woah)
Bra, bra, bra, bra, bra, bra, bra

Let's go
Hands up, let's party all night
Let's go
Ladies if you feel it alright
Let's go
Kiss-kiss to the morning light
Let's go
Make me want this for the rest of my life (woah)

Spend the rest of my la-la-la-life (yo)
Bring you all of my la-la-la-love (yo)
Baby, if you want me na-na-na-na-now
I'ma shut up and kiss you
Spend the rest of my life
Bring you all of my love
Baby, if you want me now
I'ma shut up and kiss you
Alright, I'll spend the rest of my la-la-la-life (yo)
Bring you all of my la-la-la-love (yo)
