

# That Girl

Ardian Bujupi

I've seen you there from afar and I wanna be where you are  
How are you so fine? I admit, you're looking too good to resist  
You're a star and I like that, yeah, oh baby, oh baby  
I'm at the point where I just don't care, yeah, I just gotta have you

I want that girl, so come over here and talk to me  
'Cause I really wanna take you home with me  
'Cause you never know just what we could be  
Oh, woah

(I want that)  
You're shy, not at all, but you could make a man's knees fall  
(I want that)  
To, to make you see, I'm the man that you really need, yeah  
You're a star and I like that, yeah, oh baby, oh baby  
I'm at the point where I just don't care, yeah, I just gotta have you

I want that girl, so come over here and talk to me  
I need that girl 'cause I really wanna take you home with me  
I want that girl 'cause you never know just what we could be  
I need that girl, I want that, I want that

Yeah, yeah  
Want that girl, yeah, come talk to me  
Come over here, you come talk to me, no  
Come over here and come talk to me, come talk to me, oh

I want that girl, so come over here and talk to me  
I need that girl 'cause I really wanna take you home with me  
I want that girl 'cause you never know just what we could be  
Oh, woah  
I want that girl, so come over here and talk to me  
I need that girl 'cause I really wanna take you home with me  
I want that girl 'cause you never know just what we could be  
I need that girl, oh, woah  
I want that girl, so come over here and talk to me  
I need that girl 'cause I really wanna take you home with me  
'Cause you never know just what we could be  
You and me, you and me, you and me
