

Dota 2 Beta Key

Area 11

All I ever wanted was DotA 2 beta
Its all I've ever wanted
The wait is killing me
Icefrog we are waiting
but oh Valve why cant you see
that all I ever wanted was my beta key [x2]

All I ever wanted was DotA 2 beta
Its all I've ever wanted
The wait is killing me
Icefrog we are waiting
but oh Valve why cant you see
that all I ever wanted was my beta key

I'm all alone, I'm in my lane
As the servers go down again
slash reconnect but there's no way
I've forgotten that it was patch day

I could play LoL, but I can't see
A way to run it on my crude PC
My team were noobs anyway
Give me a beta key so I can play
