

Wired up to sound  
Life radiates around  
Shake me, shake me  
Shake me, shake me  
Glazed till you bow  
And fissures in the ground  
They take me, take me  
Take me, take me

White noise, I'm tied down  
From the first time I heard it  
So, my sister static  
Holds on my hardened heart

Your veins  
You're chained  
To your pain radio  
In your veins  
You're chained

The kids in the corners  
Never gonna warn ya  
Singing, "Hate me, hate me  
Hate me, hate me"  
Toast to the queen  
Before the guillotine  
Won't break me, break me  
Break me, break me

White noise, I'm tied down  
From the first time I heard it  
So, my sister static  
Holds on my hardened heart

Your veins  
You're chained  
To your pain radio  
In your veins  
You're chained  
To your pain radio  
In your veins  
I feel

Species split but never merge  
I know the taste, I've got the urge  
(Take me, take me  
Take me, take me)  
We sailed across the oceans black  
They summoned hell, I sent it back  
(Break me, break me  
Break me, break me)  
From solar pulse to lunar ticks  
All geometric politics  
Fortune the cat is so reclusive  
Many lives have many uses  
I can't help but can assist  
See through you like an oculist

A universal hologram  
Those grams will leave you hollow, man

Your veins  
You're chained  
Your pain radio  
You're in my veins  
I'm chained  
To your pain radio  
In your veins  
You're chained  
Your pain radio  
In your veins  
You're chained  
To your pain radio  
In your veins  
In your veins  
I feel  
In your veins  
I feel  
In your veins  
I feel
