

Boundless night  
In the swell of celestial tides  
Of an ocean a galaxy wide  
Still there's not much to do

When it clears  
A radiance that breaks through the blinds  
The shutters on the open mind  
I return, return to you

I will wait for the sun  
If you'll wait for the sun  
You grind and you try but you just can't go on  
So you wait for the sun

Watch the steam  
Autumn leaves in your porcelain cup  
Never did stop the books piling up  
So I guess how they end

Now it's dark  
But the air carries whispers to guide  
And I hope for the rest of my life  
I will wait, wait for you

I will wait for the sun  
If you'll wait for the sun  
You grind and you try but you just can't go on  
So you wait for the sun

Nothing ever seemed so bright  
Taunting and floating just too high  
Wasting the hours, held it all in our hands  
Make the Gods laugh; go and tell them your plans

Wait for the sun  
If you'll wait for the sun  
You grind and you try but you just can't go on  
Wait for the sun  
So we'll wait for the sun
