

One, two, three, four
Five, six, seven, eight
Nine, ten, eleven, twelve
Thirteen, fourteen, fifteen, sixteen
Seventeen, eighteen, nineteen, twenty
Twenty-one, twenty-one, twenty-one, twenty-one
Twenty-one, twenty-one, twenty-one, twenty-one
Twenty-one, twenty-one, woo

Look at all of the lights in the sky
They must be feeling it 'cause
Every time that we drop
Yeah, we'll be killin' it, so
Bring the fire, we get high
Just off the thrill of it, yeah
Just off the thrill of it
Let's go, let's go, let's go

I know, I know, I know
That we won't be alone
I know, I know, I know
We ain't goin' home

In the air, now we got this party rockin'
What they say, we don't care
'Cause you know we never stoppin'
And the way that it feels
Yeah, we might be up to somethin'
Come on, see, we ain't goin' home

One, two, three, four
Five, six, seven, eight
Nine, ten, eleven, twelve
Thirteen, fourteen, fifteen, sixteen
Seventeen, eighteen, nineteen, twenty
Twenty-one, twenty-one, twenty-one, twenty-one
Twenty-one, twenty-one, twenty-one, twenty-one
Twenty-one, twenty-one, woo

Twenty-one, bring the vibe
They wanna be us, they try
They thought we couldn't survive
But it feels good to be alive
This is a whole new wave
Transmission from outer space
I know we'll find our way
So let's go, let's go, let's go, let's go

I know, I know, I know
That we won't be alone
I know, I know, I know
We ain't goin' home

In the air, now we got this party rockin'
What they say, we don't care
'Cause you know we never stoppin'
And the way that it feels

Yeah, we might be up to somethin'
Come on, see, we ain't goin' home

(Let's go, let's go, let's go)
I know, I know, I know
That we won't be alone
I know, I know, I know
We ain't goin' home
