Human

AREA21

(Would you still love me if I was) Human?

Would you still love me if I wasn't from outer space?
Would you still love me if I was a different race?
What if instead of a space ship, I flew on a plane?
What if my looks woulda changed, would you do the same?
Just like a human
If I was regular, tell me what you would be like
How would you be if I didn't come from the sky?
Tell me the truth 'cause you know I know when you lie
I can see through your disguise, right in your eyes
'Cause you a (Human)

Would you switch up your behavior?
Would you treat me like a stranger?
I wanna know, I wanna know
Would you still love me if I was (Human)?
Would you still love me?
If that's what you call love
I don't know

(Human)
Imagine one day, these walls
They keep your world so far apart
It's time to take 'em down
And don't pretend it's fine 'cause everywhere we look is humans
Not actin' human at all
If you don't rise, then you will fall
The time is runnin' out, so ask yourself
Would you still love me if I was (Human)?

Ayy, if I lost the money and fame
I see how you treatin' your poor, would you just do me the same?
Hospital bill can't afford, would you just leave me in pain?
Would you betray me for more when really there's nothin' to gain?
You say you're forced to torture, we think your world is distorted
What's up with all of these borders? What's up with all this deporting?
I'm sure it'll take more than words to get you to change
I see that you're just afraid and it's okay just bein' human

Would you switch up your behavior?
Would you treat me like a stranger?
I wanna know, I wanna know
(Would you still love me if I was human?)
