

We Did It

AREA21

Yeah, we fuckin' did it (we fuckin' did it)
We just motherfuckin' did it

Never knowing we would make it
Now we're in here celebrating
Going crazy with my people
Shit's a-bout to get

Real funny, hahaha, hmm, well well well
Remember all you motherfuckers thought that we would fail?
You-you said we would be broke, wouldn't get no clientele
But now we fuckin' did it, and I hope it gives you hell when we

Pull up in that Maser-rati
Pull off in that new Bu-gatti
This is special, you can feel it
We just motherfuckin' did it
We just motherfuckin' did it

Real funny, hahaha, hmm, well well well
Remember all you motherfuckers thought that we would fail?
You-you said we would be broke, wouldn't get no clientele
But now we fuckin' did it, and I hope it gives you hell when we

Pull up in that Maser-rati
Pull off in that new Bu-gatti
This is special, you can feel it
We just motherfuckin' did it
We just motherfuckin' did it
We just motherfuckin' did it
