

# Poisoned

## Arena

I thought I had more time left - For the wild and the new  
Looking for the signpost - Never threw me a clue  
And now you say you're sorry - But there's nothing you can do  
Well sorry's not an answer - There's still nothing you can do

No matter what I try - I'm ending up right here  
Alone to face the darkness and the fear

Where's the miracle I need  
Where's the dream to set me free  
I've been poisoned again  
When I'm clinging to the day  
As the future fades away  
I've been poisoned again

Searching for a chance now - I only need a thread  
Going to make this fight my own now - Got it clear in my head  
I am not a hostage - There is hope in every breath  
No, I am not a hostage - There is hope in every breath

No matter what I try - I'm ending up right here  
Alone to face the darkness and the fear

Where's the miracle I need  
Where's the dream to set me free  
I've been poisoned again  
When I'm clinging to the day  
As the future fades away  
I've been poisoned again

No matter what I try - I'm ending up right here  
Alone to face the darkness and the fear

Where's the miracle I need  
Where's the dream to set me free  
I've been poisoned again  
When I'm clinging to the day  
As the future fades away  
I've been poisoned again
