

# Don't Cry, Baby

Aretha Franklin

Don't cry, baby, don't cry, sugar  
Dry your eyes  
And let's be sweethearts again

Because you know  
You know I didn't mean  
To ever treat you so mean  
Right now, oh, yeah

Come on, honey  
Let's try it all over  
One more time

Oh, don't cry, don't cry, baby  
Don't cry, don't cry  
Honey, oh, dry your eyes  
And let's be, come on  
Let's be sweethearts again

Oh, oh, oh, because you know  
You know I didn't mean  
To ever, ever, oh  
Treat you so mean right now  
Right now, oh, yeah

Come on, baby  
And I wonder can I be  
Your sweetheart one more time  
Right now, right now

Oh, I said don't cry  
Oh, honey, don't cry, baby  
Don't cry, don't cry, sugar  
Oh, right now

Dry your little eyes  
Oh, oh, and let me be  
Your little cookie one more time  
Right now, yeah, yeah

Oh, I said don't cry, don't cry, baby  
Ooh, don't cry, don't cry, sugar  
Oh yeah, don't cry
