

# It's so Heartbreakin'

Aretha Franklin

It's so heartbreaking when the one you love  
Is in love with somebody else  
When somebody you've been dreaming of  
Is in love with somebody else  
You can't keep on smiling over rainy's due  
Keep on walking though you've gotta hold in your shoe  
But it's so heartbreaking when the one you love  
Is in love with somebody else

John thought Jennie really love him true  
Till he caught her kissing with Bill  
John is so lonesome, don't know what he'll do  
Since Jane went over the hills  
So there goes Johnnie with a broken heart  
He is just too good for nothing since they're apart  
Cause it's so heartbreaking when the one you love  
Is in love with somebody else

Oh, it's so heartbreaking when you're love is gone  
And your dream love go up in smoke  
And it's so frightening, baby, when you love someone  
And he thinks your love is a joke  
Oh, you gotta keep on living till the day you die  
But you're so disgusted that you wonder why  
Cause it's so heartbreaking when the one you love  
Is in love with somebody else

I said that it's so heartbreaking when the one you love  
Is in love with somebody else  
It hurts so bad, yes it does  
So heartbreaking when the one you love  
Is in love with somebody else  
That man really turn just back on  
So heartbreaking when the one you love  
Is in love with somebody else
