

Only Star

Aretha Franklin

Come with me to the disco
Hey, I've seen everybody show in time, ooh yeah
And I've been over here, the only who've been around, ooh, ah ah
Well, I'm tired at looking at everybody's show
I think it's time that I get out on the floor, cause tonight (tonight)
Tonight, oh, tonight (tonight)
Tonight (ooh)
I'm gonna be the only star tonight at the disco, ooh yeah
I'm gonna be the only star tonight at the disco, ooh yeah

Come with me to the disco
Maybe wait for the late cause here I come, ooh yeah
Me and my party gonna dry it up right tonight and think so
I got me a dress with a precious mine hot
And let me give you cheers way down that cause tonight (tonight)
Tonight, oh, tonight (tonight)
Tonight, yeah (ooh)
I'm gonna be the only star tonight at the disco, ooh yeah
I'm gonna be the only star tonight at the disco, ooh yeah

Ah ah, ah ah ah, ah (shake it out)
Ooh ooh, ooh ooh ooh, ooh (shake it down)
Ah ah, ah ah ah, ah (start to show)
Ooh ooh, ooh ooh ooh, ooh (spinning round and round)

Hey you all, it's getting late and it's time to go home, yes it is
But you'll remember this night long after you've gone, yes you will
Remember the cheers, remember the folk
When you were boogie down the town that walks cause tonight (tonight)
Tonight, yeah, tonight (tonight)
I said tonight (ooh)
I'm gonna be the only star tonight at the disco, ooh yeah
I'm gonna be the only star tonight at the disco, ooh yeah
I'm gonna be the only star tonight at the disco, yes I will, ooh
I'm gonna be the only star tonight at the disco, yes I will, ooh

We're disco queens, we're disco queens
You know what that means, we're disco queens
