

You Can't Take Me for Granted

Aretha Franklin

He loves me
He loves me
He loves me now

I reminisce, about how we use to be
Me so close to you, you so close me
We lost our love, and then we want it back
All of our yester years, hello we stayed intact

You are the great love of my life
Precious moment so tender and feel
He said that every boy has wrong
Oh my God, I'm so glad don't you

You can't take me for granted
Though your pictures is in my locket
I'm not in your back pocket
You can't take me for granted
From the game its just don't become ya'
Do you really want to undone ya'

You've got exquisite chance
Comes truly naturally
It works 'some of the rest
Sometimes it works for me
I miss you so much bonny
Think of the early days
And all of our yester years
Ooh you're in the sweetest way, yeah

I swim of love to be
Sweeping of love solely and true
How did I know, that our love will endure
This is so sweet, and you touches so sure

You can't take me for granted
Though your pictures is in my locket
I'm not in your back pocket
You can't take me for granted
From the game its just don't become ya'
Do you really want to undone ya'

And he love me sometimes
Sometimes he loves, he loves, he loves
And I love him sometimes how we may see
My nighty, on my dream

Eh, yeah yeah yeah yeah, yeah
Sing of love to you
Sweet pearl of love so little, but true
Down in my honest love with you
Ehh your kissing is so sweet
And the touches so sure

You can't take me for granted
Though your pictures is in my locket
I'm not in your back pocket

You can't take me for granted (ooh Mr. Goodstuff)
From the game its just don't become ya' (they don't become ya')
Do you really want to undone ya' (I will undone ya' baby)

You can't take me for granted (I won't be another that you're using)
Though your pictures is in my locket (no I won't fall)
I'm not in your back pocket
You can't take me for granted
From the game its just don't become ya' (they don't become ya')
Do you really want to undone ya' (tell, tell, tell me)

You can't take me for granted
Though your pictures is in my locket
I'm not in your back pocket (no, no)
You can't take me for granted (no, no, no, no, no, no, no, no, no, no)
From the game its just don't become ya'
Do you really want to undone ya' (no, no, no, no, no, no, no)

You can't take me for granted (no)
Though your pictures is in my locket (pictures is in my locket)
I'm not in your back pocket (baby, yeah-yeah-yeah-yeah)
You can't take me for granted
