

Love

Argent

Love is to belong
It's a theme in the verse of a song
It's a word in a rhyme
It's a line in the news
It's a game that you win or you lose

Love is in the smile that you wear
All the while you're in love
It's to care and to share in the pain
Be resigned when you find that your love is in vain

Love, love, love, love is a game
That you win or you lose
Love, love, love, love is a game

Love is to forgive, is to trust
It's for real, it's to live
It's to care and to share in the pain
Be resigned when you find that your love is in vain

Love is in the smile that you wear
All the while you're in love
It's a word in a rhyme
It's a line in the news
