

## Pure Love

Argent

As I spin, loving young life, tasting young wines, sordid doves  
Want no breeze, trusting what I know to be right, put it right  
Close my eyes, have no fear for I'm here, I know where  
And I'm reeling, yes I'm feeling oh so fine

I don't sing no prayer for breezing this night  
Feeling so right, feeling good, oh yeah, yeah  
Don't stand on leaves, come tomorrow  
I'll be way in the ground, ground, joy, love  
Let my eyes steal no sleep for each moment I keep  
Send me reeling, yes I'm feeling oh so fine

Stoned by the love, yeah that you bring  
Stoned by the love, yeah I have to sing  
You're leaving, you're leaving, I see now today  
Stoned by this love, this love

Stoned by the love, yeah, yeah love that I feel  
Stoned by my feeling so well  
You're leaving, you're leaving, I found out today  
Stoned by this love, oh this love

Rest your head, waiting you to lie for tomorrow you die, you die,  
e, you die  
Lovely lady, warm in the bed where I lie down  
See the sun turn to gold as the world that's my home  
Send me reeling, yes I'm feeling oh so fine

Stoned by the love, oh love that I feel  
Stoned by the love of mine, I'm feeling so well  
You're leaving, you're leaving, I found out today  
Stoned by this love, oh stoned by this love
