

Sweet Mary

Argent

Ooo, sweet Mary Oooo, sweet Mary
Let me taste all your fire make me shout take me higher
You can take me where the light is sweet and low.

Ooh Sweet Lady, oooo you, you are my lady
You ask me will I receive don't you fret don't you grieve
The sweet things in life are for you

I need you (yes I do)
To please me (yes I do)
To reassure (yes I do)
For company (yes I do)
It was so hard (and I wanted you so bad)
To be alone (all alone and I wanted you so bad)
I didn't have to worry I just took all my troubles to you

I want you (yes I do)
To want me (yes I do)
O want so hard (yes I do)
For company (yes I do)
It was so hard (and I wanted you so bad)
To be alone (all alone and I wanted you so bad)
I didn't have to worry I just took all my troubles to you

Ooo sweet sweetheart, oooo you, you are my sweetheart
Now the music is fine close your eyes drink the wine
Let me take you where the light is sweet and low.

I need you (yes I do)
To please me (yes I do)
To reassure (yes I do)
For company (yes I do)
It was so hard (and I wanted you so bad)
To be alone (all alone and I wanted you so bad)
I didn't have to worry I just took all my troubles to you

Take me where the light is sweet and low
