

Make Me Cry

Ari Abdul

Chiffon
Rough talk
Non blond
Laced with my leather
Turned on
I'm hot
Clothes off
Yes
No matter the weather

Still playing it cool
Are you not amused?
Babe I'm onto you
Yeah I'm onto you
Wake up every day
You're stuck in my head
And I wonder why
Wonder why
Wonder why

Make me cry
Let me fight for my life
You act so shy
When you look in my eyes
Yeah you feel so right
Am I something you like?
Staying up all night
In my bed I lie
'Cause you make me cry

In the dark
Under streetlights
In the park
Under blue skies
Where we walked
But I want you
Can't lie
I don't like to
Waste time
If tomorrow I die

Still playing it cool
Are you not amused?
Babe I'm onto you
Yeah I'm onto you
Wake up every day
You're stuck in my head
And I wonder why
Wonder why
Wonder why

Make me cry
Let me fight for my life
You act so shy
When you look in my eyes
Yeah you feel so right
Am I something you like?

Staying up all night
In my bed I lie
'Cause you make me cry

Still playing it cool
Are you not amused?
Babe I'm onto you
Yeah I'm onto you
Wake up every day
You're stuck in my head

Staying up all night
In my bed I lie
'Cause you make me cry

Destroy me
I like when I rot
So lonely
Leave scars on my heart
So holy
It was just a mirage
I know
I know
I know

Make me cry
Let me fight for my life
You act so shy
When you look in my eyes
Yeah you feel so right
Am I something you like?
Staying up all night
In my bed I lie
'Cause you make me cry

Still playing it cool
Are you not amused?
Babe I'm onto you
Yeah I'm onto you
Wake up every day
You're stuck in my head
Staying up all night
In my bed I lie
'Cause you make me cry

Are you not amused?
Are you not amused?
Are you not amused?
