

SLOW DANCING

Ari Abdul

Surround me
Like an ocean
Strip down
To raw emotion
Drown me
You have my devotion, now

They wanna
Take you from me
Drug me up and leave me lonely
I swear
They say that you're not real

But I know you are
Cause you're wrapped around me
Slow dancin
Call it paranormal
Romancin
I know you can't be real
But to me you are
Got a supernatural
Obsession
You blur the line between our
Dimensions
I know you can't be real
But to me you are

I hear you when I
Fall asleep
I see you in like
Every dream I have
When I'm awake I
Feel you breathe
Bet I could even watch you bleed

Untouchable ecstasy
Disembodied masterpiece
You know they wanna make you leave
We can't let them make you leave

Cause you are
Cause you're wrapped around me
Slow dancin
Call it paranormal
Romancin
I know you can't be real
But to me you are
Got a supernatural
Obsession
You blur the line between our
Dimensions
I know you can't be real
But to me you are

You are
Slow dancin
Slow dancin

Slow dancin
Ooooooooo
Ooooooooo
Yeah we're
Slow dancin
Slow dancin
Slow dancin
