

Learn

Ari Hest

That we can say no
We don't have to go
When are we going to learn?
When are we going to learn?
That to give them hell
Means they'll further gel
When are we going, going to learn?

Oh, stumbling feet
Don't you ever wonder?

That the holes we drill
Are too deep to fill
When are we going, going to learn?

Oh, stumbling feet
Go, before it's too late

Cause when you choose to kill
We all foot the bill
When are we going to learn?
