

# Sleep Tonight

Ari Hest

Do you really believe you can get to me?  
Knocking on my door incessantly  
You know you don't owe an apology

You're just looking for a way to make it right  
A pill to swallow and we fade to white  
But I haven't got the appetite  
And baby don't ask me why

I'm going to sleep tonight  
'Cause I don't know what to do  
I'm going to sleep tonight  
I don't have the strength for you  
And if it's a war you'd like,  
You're wasting your time  
I'm going to sleep tonight

In the bedroom there's a fading photograph  
Of you and I back when we could laugh  
Somehow we wound up on a different path

On the stereo is a song we know  
She's singing the words and a whistle blows  
Is this really the way love's supposed to go?  
Nobody seems to know

Chorus

Love don't feel like it used to  
And I don't want to get used to knowing it this way  
Baby you know that I want you  
But I don't wanna keep pleading with you to stay

Chorus
