

24 Seconds

Ari Lennox

I hate it that you take so long
To text me back
I always seem to love the things
That I can't have

Really shouldn't want you that bad but I do
Where you gon' be 'round 2?
Really wanna put my hands on you
Making me lose my cool
It's a vibe I only get around you
You only got

Twenty-four seconds till this moment past
You only got twenty-four seconds to hit me back
I might be moving on
I might be long gone
I might be somewhere
Phone off but turned on
You got twenty-four seconds to get this ass

Options, I got plenty
But I can't be letting anybody on my body 'cause I ain't an a ho
But I'll be one for you if you let me, oh
So if you coming, come and tell me
'Cause tonight I'm feeling sexy
She's screaming, "I'm ready"
Yeah, yeah, do you get me, oh?

Really shouldn't want you that bad but I do
Where you gon' be 'round 2?
Really wanna put my hands on you
Making me lose my cool
It's a vibe I only get around you
That's why you only got

Twenty-four seconds till this moment past
You only got twenty-four seconds to hit me back
You only get twenty-four, you won't get twenty more
I might be moving on
I'm moving on
I might be long gone
I'm long gone
I might be somewhere
Somewhere
Phone off but turned on
You got twenty-four seconds to get this ass

Oh
Only got
Yeah, you only got
Oh
Only got
Only got
