

40 Shades Of Choke

Ari Lennox

Hey, its nice to be in love
What is that? So give me fuck

See I just want your hands around my throat
So, oh I just a little choke

Ride-round my Kia
Ride-round my Kia Soul
West Virginia mountains
We drivin' through the fallin' snow
Don't be shy
The night is free we losing time now

Its nice to be in love
What is that? So give me fuck

See I... see I just want your hands around my throat
So, oh I just a little choke

Can I seep into ya
I know your brain is loud
Let me peace it for ya
With Arizona flows
Know what you want
Know what you want
Know what you want, yeah, yeah

Ooh I
Let me seep into ya
Make it clap
Like we in the noise
Bring it back
Know what you want
Know what you want
Know what you want, yeah, yeah

See I just want your hands around my throat
So, oh I just a little choke
See I just want your hands around my throat
So, oh I just a little choke
