A/S/L (Interlude)

Ari Lennox

When you're back in the game
That's how you would greet someone
And so, I mean I would just be
I would lie, I would catfish
It's just, more so like playing on a different time
Playing on chatrooms
The internet, meeting people
It's just like dating
Yeah I was just like...
Always older than what I was
Never used my own picture
I was the original catfish
