

Backwood

Ari Lennox

Said papa gon' roll one for me
He gon' get me lit, he my everyday smoke
Baby let it fall right through me
Give me one more hit of that everyday nasty, so nasty
Light me up, till my problems straight past me
And baby let it fall right through me

I said me and my backwood
Ooh we be vibing so good
(Aha, aha, aha)
I roll he like sushi, such a beautiful tease
(Aha, aha, aha)
He gon' when I count to three

Said papa gon' get your money
I know they need a hit of that everyday smoke
I know you'll bring it right back to me
Just to get me lit
I can't take it no reckless, so reckless
Light me up like barbecue in Texas
Said baby let it fall right through me

I said me and my backwood
Ooh we be vibing so good
(Aha, aha, aha)
I roll he like sushi, such a beautiful tease
(Aha, aha, aha)
He gone when I count to three
I know you can't stay

Sweet bliss when I'm breathing you
I said I know you can't stay
Count to tres, we back to blue
You got me feeling some type of way
Tell me what is a girl to do till you back my way
