

Blocking You

Ari Lennox

Feeling too accessible
Exhausting the only peace I'll ever know
Searching for something tangible
Privacy is cardinal
But I can't seem to face myself alone
Afraid of where my thoughts can travel (Sooo)

Blocking you on everything (I'm gone gone)
Blocking you on everything (I'm gone. I'm gone)
Blocking you on everything
I need a moment, I need a day
To restore this place

Fly take a trip
Don't be in my hair making ends split
Stay out of that basement talkin' all that shit
Ain't no shooter, deck yo shit
Haters, family
Neighbors, police
Trolling relentlessly
Blocking you on everything
Exes, labels
Bill collectors, cable
All can come and catch a fade though soo
Accountability, tuition
The bitch that cut me off while I was driving
The ego, a whirlwind
Anxiety, ADHD
Addiction, bad company
Fear of true healing
Blocking you on everything

Say I can't take
Blocking you on everything (noooo)
Blocking you on everything
(I had to do it)
Blocking you on everything
I need a moment, I need a day
To restore this place
Fly, take a trip
Don't be in my hair
Making ends split
Stay out of that basement talkin' all that shit
Ain't no shooter, deck yo shit

Shooter (shoot)
Ain't no shoot, ain't no shoot
Ain't no shoot
I don't wanna hear
I don't wanna hear
It wasn't okay that's how I feel
Fuck out my face
Okay
