Ari Lennox

Ayy
Huh ayy
Ayy

Sleepin', all day
Chiefin', roll it
Video games
'Bout to, lose it

The bodies on fire, who love me long, 'till you get tired?
Ooh baby you got what I (want)
You's a real one, I'm inspired

Break me off, and gitchi gitchi yaya, when the lights is out
I'm summertime crushin' put that game on pause, and do it how I like it
Baby, nice and slow
Break me off, and gitchi gitchi yaya, when the lights is out
I'm summertime crushin' put that game on pause, and do it how I like it
Baby, nice and slow

My knees, get weak, when you, touch me
Body, use it, sex game, stupid

The bodies on fire, who love me long, 'till you get tired?
Ooh baby you got what I (want)
You's a real one, I'm inspired

Break me off, and gitchi gitchi yaya, when the lights is out
I'm summertime crushin' put that game on pause, and do it how I like it
Baby, nice and slow
Break me off, and gitchi gitchi yaya, when the lights is out
I'm summertime crushin' put that game on pause, and do it how I like it
Baby, nice and slow

Lemme go and check on these goddamn garbanzo beans
Let's see if they um, cooked yet
