

## Bound

Ari Lennox

Kisses like marshmallow melts on my neck  
A whimsical warming too sweet to forget  
Let's get lost, somewhere in the night  
Tell your stories and I'll tell you mine

I'm bound  
I'm bound  
I'm bound  
I'm so in love in now  
I'm down  
I'm down  
I'm down  
When you're not around  
Oh stay here  
Stay here  
I need you around  
Stay here  
Stay here

A nuclear nectar planted on my lips  
Consoling serenity is all that you give  
And you showed up when I felt so dead  
I'm so torn up when you're not in my bed

I'm bound  
I'm bound  
I'm bound  
I'm so in love in now  
I'm down  
I'm down  
I'm down  
When you're not around  
Oh stay here  
Stay here  
I need you around  
Stay here  
Stay here

Maybe silly dreams can come true  
Daily doubting then I found you  
Ah...  
Sometimes I wonder if it's even real  
But I could never fake what I feel  
Ah...
