

# High Key

Ari Lennox

It's been one of them days  
It's 'bout to be one of them nights  
Come taste this crème brûlée  
Wash it down with a lemon drop

I know you like it sweet  
I got the recipe  
Come put that thang on me  
I'm humming melodies

Let me be your freaky lullaby  
Hit them high notes just like la-la-la  
Rock my body to sleep  
If you play it nasty, I'ma hit that high key  
Let me be your freaky lullaby  
Hit them high notes just like la-la-la  
Rock my body to sleep  
If you play it nasty, I'ma hit that high key

Okay, okay, going down like Mary  
This way, that way, rock-a-bye, my baby  
Kiss it, kiss it, make it grow like Rogaine  
Let's go round for round, then I'll let you sleep

I know you like it sweet  
I got the recipe  
Come put that thang on me  
I'm humming melodies

Let me be your freaky lullaby  
Hit them high notes just like la-la-la  
Rock my body to sleep  
If you play it nasty, I'ma hit that high key  
Let me be your freaky lullaby  
Hit them high notes just like la-la-la  
Rock my body to sleep  
If you play it nasty, I'ma hit that high key

Nasty  
Nasty  
Nasty  
Gonna make it nasty
