

# Hocus Pocus

Ari Lennox

Shouldn't do it but I need to do it  
Ha-ah-ah, ah-ah, ah  
Shouldn't do it but I need to do it  
Ha-ah-ah, ah-ah, ah  
Ooh, you touch me, touch me

I like all the ways that you go flowing through my body  
Sugar sweet makes you caffeine rev up and ride that Harley  
You know I'm gone help you with the load if you gon' spot me  
Every time I try to walk away, I'm slipping, falling

Hold me back, hold my hair back  
Tell me, can you handle that? Handle that?

Shouldn't do it but I need to do it  
Aye, ooh  
Ha-ah-ah, ah-ah, ah  
Shouldn't do it but I need to do it  
Ha-ah-ah, ah-ah, ah  
Ooh, you touch me, touch me

Sending you a picture of it, got your head all foggy  
Ask if you can put a baby in me, I say probably  
Lose all focus, hocus pocus when I see you calling  
Speed up 747, sending this coochie to heaven, baby, I said it

Hold me back, hold my hair back  
Tell me, can you handle that? Handle that?  
Oh

Shouldn't do it but I need to do it  
Oh, oh  
Ha-ah-ah, ah-ah, ah  
Hey, I said I need  
Shouldn't do it but I need to do it  
Ha-ah-ah, ah-ah, ah  
So good to me  
Shouldn't do it but I need to do it  
Ha-ah-ah, ah-ah, ah  
And ya make me weak  
Shouldn't do it but I need to do it  
Ha-ah-ah, ah-ah, ah

It's too soon to want you the way that I do when I shouldn't  
It's too soon to want you the way that I do when I shouldn't  
It's too soon to want you the way that I do when I shouldn't
