Ari Lennox

FLOATIN' IN BUBBLES, SOMEBODY POP ME NOW  
ELEVATOR LOVIN', I COULD LIVE ON A CLOUD  
MAGIC, MAGIC, THINK YOU DID YOUR MADNESS  
YOU SWOOP A LITTLE SCENIC RIGHT UP OFF OF HER FEET  
WHAT STARTED US IN LOVE IT SIMPLY GOT ME BEAT  
HAVOC, HAVOC, LOVE HAS, LANDED

But wait, my hours lost  
But you came in and stole it  
Drop [?] but you been plottin'  
Empty sorrows turn me so so on  
And it grew vacant, I wasn't impatient  
And here you are, and here you are, and here you, are, ooh

Said, kiss me with assurance and you know I'll ride  
Passion is the motive there's a freezin' and I am fallin', fall in'

See, talk me with incurrence and you might see me cry  
Emotion could leak oceans and the sweet lullabies  
Callin', callin' and I'm not stallin'

But wait, my hours lost  
But you came in and stole it  
Drop [?] but you been plottin'  
Empty sorrows turn me so so on  
And I grew vacant, and I was impatient  
But here you are, but here you are, but here you are, oh  
Here you are...

All is said as done...
