

# Mobbin in DC

Ari Lennox

2 a.m. on the 'Gram feeling crazy  
Only one to call me baby  
You know how I am  
You don't give damn what these bitches sayin'  
You're talking so nice to me  
Came and empathized with me  
So I guess I'll have to fly to NOLA for the night  
Show you I'm obliged

'Cause I care for you  
Darling, if you want me to  
Cut everyone off for you  
This the shit you put me through  
You know where I stay, you know where I be  
This ain't calculus, no ChatGPT  
Tired of you sayin' that you're missing me  
You know my location, mobbin' in DC

Hit up the phone, hit up the phone  
Hit it up one time  
Hit up the phone, nigga, we grown  
Hit it up one time  
Hit up the phone, hit up the phone  
Hit it up one time

Four Seasons, room 808  
Why you knocking?  
Your eyes got a lot to say  
And I like it

'Cause I care for you  
Darling, if you want me to  
Cut everyone off for you  
This the shit you put me through  
You know where I stay, you know where I be  
This ain't calculus, no ChatGPT  
Tired of you sayin' that you're missing me  
You know my location, mobbin' in DC

Hit up the phone, hit up the phone  
Hit it up one time  
Hit up the phone, nigga, we grown  
Hit it up one time  
Hit up the phone, hit up the phone  
Hit it up one time  
Hit up the phone, hit up the phone  
One time

Quit playin' games, playin' with flames  
Gimme that one time  
You know my name, number ain't changed  
Gimme that one time
