

# Mumbles

Ari Lennox

You dare, me dare me  
To love you but it's kind of looking scary, scary  
It's been four years my heart is kind of weary, weary  
I want you but the army of safety's calling, calling  
Tell me what I'm going to do my body's stalling, stalling  
One kiss on the cheek is sure to get me crawling, crawling  
My knees are weak it feels as though I'm falling, falling  
In a pit of red I swear it's so appalling, appalling  
Who would've ever thought?

You say I  
I will be your friend  
Till the very end  
If you let me in oh  
If you keep me in oh

Clever, clever  
It's cold outside but you're perfect for all weather  
Whether the times may change I'm still gonna keep you closer  
Closer I get to you like voodoo I'm in love love  
I swear like a drug I'm hooked baby whenever ever  
You need me baby I will be your lover, lover  
I listen to you baby I will cater, cater  
Tell your catastrophes to see you later, later, later  
Later alligator

You say I  
I will be your friend  
Till the very end  
If you let me in oh  
You say I  
I will be your friend  
Till the very end  
If you keep me in oh  
If you keep me in oh

Wait  
Wait  
Wait  
Oh why

Wait my heart was lost  
But you came and installed it  
Jobless but you employed it  
Empty sorrows turned my soul so hard  
My heart grew vacant  
And I was impatient  
But here you are  
But here you are  
Here you are
