

# Higher

Ariana Grande

Been round n' round in circles  
Tryna find the end  
Bumped into this shy guy  
While chillin' with my friends

He's eyein' me  
Sizin' me  
Makes my body weak  
He's bringin' out the freak in me  
Only been a minute  
Since you came in  
And changed my life  
When I get around you  
I fell this  
Spark ignite

I got that fire  
You got me open  
You dig it deeper  
We take it higher

Crazy, what we're doin'  
Livin' let it go (go, go)  
Ridin' havn' good times and  
No one has to know  
He's eyen' me his eyes on me,  
Makes my body weak  
He's bringn' out the freak in me

We got that jam, make them  
Dance, make them lose their minds  
(Ooohhh ummm hmhm)  
We got that jam, make them  
Dance, make them lose their minds  
(Oh yeah)  
We got that jam, make them  
Dance, make them lose their minds  
(Uh huh)  
We got that jam, make them  
Dance, make them lose their minds  
Yeah, yeah, yeah
