Ariana Grande

I love the taste of you in the morning  
Keep me warm and  
Nothing else, nothing more important  
Makes me want to believe in love

I love the thought of us in the evening  
Crave the feeling  
The way you feel, something 'bout it's healing  
I'm praying we don't fuck this up

Others that I've had had to impress me before  
But I knew you were the real thing when you walked through that door  
I didn't think that I would have to spell it out

Don't put the bands, put the bands on me  
Oh my love, oh my love is free  
Ain't no price on my loyalty  
No shit got me right where you want me  
Baby, could I be more obvious

(Ooh) Hard to think when I'm under you  
Tell you all of my dirty truths  
No shit got me right where you want me  
Baby, could I be more obvious

Maybe if I'm lucky you might stay the afternoon  
If you've gotta work just promise me you'll come back soon  
Maybe you should pack a suitcase too (Too)

I love the thought of you never leaving  
Days repeating  
Getting steps up on the treadmill while you're sleeping  
Never thought I'd believe in love again

Others that I've had had to impress me before  
But I knew you were the real thing when you walked through that door  
I didn't think that I would have to spell it out

Don't put the bands, put the bands on me  
Oh my love, oh my love is free  
Ain't no price on my loyalty  
No shit got me right where you want me  
Baby, could I be more obvious

(Ooh) Hard to think when I'm under you  
Tell you all of my dirty truths  
No shit got me right where you want me  
Baby, could I be more obvious (Obvious)
