

worst behavior

Ariana Grande

I been on my worst behavior
But baby, I don't need no savior
I'm way outta line

But I kind of like the way I
Feel when I just don't give a fuck
Oh, I forgot to mention
I'll be there in five

We don't really need to talk too much
Show each other what we know
I got other ways to catch you up
Couldn't do it on the phone
So can you keep it secret? (Mmm-mmm)

This ain't no game, won't play witcha' (Oh yeah)
This time I know I'll stay witcha'
Just promise you won't say nothin'
Don't you be actin' like that, don't you be actin' like that, babe

No phone, no pics, no postin' us
This love just ain't disposable
Just take what's yours, don't run from it
Don't you be actin' like that, don't you be actin' like that, babe

Said baby, it's just in my nature (Mmm-mmm)
To be a little troublemaker
So wrong but so right

Know you really like the way I
Taste when we kiss, you reminisce
But this ain't the last time
Just stay by my side

We don't really need to talk too much
Show each other what we know
I got other ways to catch you up
Couldn't do it on the phone
So can you keep it secret?

This ain't no game, won't play witcha' (Oh, babe)
This time I know I'll stay witcha'
Just promise you won't say nothin'
Don't you be actin' like that, don't you be actin' like that, babe

No phone, no pics, no postin' us
This love just ain't disposable (Oh, babe)
Just take what's yours, don't run from it
Don't you be actin' like that, don't you be actin' like that, babe
