Ariel Pink

Data's up
Diagnose anosagnosia, it's critical
Curtains drawn
Test tube counter, dehydration
The nurse is hot
Surgical
Morphine drip and pentathol to ease the flow

I didn't spire to be this, not wanting to be this
What is this? Tell me
I didn't spire to be this
Oh, tell me, tell me, tell me, tell me, tell me, tell me
I would inspire to be this, not wanting to be this
What is this? This
I would inspire to be this, not wanting to be this
What is this?

Massive stroke
Cause of death, humiliation
I'm not a joke
Doctors in
Consult patients, not in patience
The next of kin
Get it on, gotta get myself so hard
It's time to go

I didn't spire to be this, not wanting to be this
What is this? Tell me
I would inspire to be this
Tell me, tell me
I would inspire to be this, not wanting to be this
What is this? This
I didn't spire to be this
Tell me what is this, what is this now
I would inspire to be this
Oh, tell me, tell me, tell me, tell me, tell me, tell me
I would inspire to be this, not wanting to be this
What is this? This
I didn't spire to be this, not wanting to be this
What is this?

Surely, we got lost along the way

Surely, we got lost along the way
Oh, tell me, tell me, tell me, tell me
Surely, we got lost along the way
I didn't spire to be this, not wanting to be this
What is this? This
Oh, tell me, tell me, tell me, tell me
Surely, we got lost along the way
I didn't spire to be this
What is this? Tell me
Surely, we got lost along the way
I didn't spire to be this, not wanting to be this
What is this? This
Oh, tell me, tell me, tell me, tell me
