

Dreaming

Ariel Pink

Welcome to the Funhouse Terrordrome
Sit right down and make yourself at home

Close your eyes and count to ten
Realize you're sleeping
And you won't wake up again
Don't look now you're dreaming

See through skin like mannequin spring rolls
Broken puppet eyes fallen inside

Your ego is free, no you, him, or me
Realize you're sleeping
And you won't wake up again
Don't look now you're dreaming

Welcome to the Funhouse Terrordrome
Sit right down and make yourself at home

Close your eyes and count to ten
Realize you're sleeping
And you won't wake up again
Don't look now you're dreaming

Don't look now you're dreaming
Don't look now you're dreaming
