

Fright Night (Nevermore)

Ariel Pink

Sleep walking in the dead of night, wooooooh...
Black cat crosses your path (until you) petition the lord
Knock-knock on the door three times
And you knock-knock on the door!
I used to talk to demons with my ouija board but not anymore

On fright night such a catastrophe
On fright night such a catastrophe
On fright night such a catastrophe

I'm a necro-romantic, I'm a suck on your blood
Are you ready for Freddy, yeah, knock on the door
Knock-knock on the door three times
And you knock-knock on the door!
I used to walk underneath ladders not anymore

On fright night such a catastrophe
On fright night such a catastrophe
On fright night such a catastrophe
On fright night such a catastrophe

Come over here oh pretty baby, you're my bundle-o-love
You're driving me crazy, betcha, can't get enough
Knock-knock-knock-knock, knock on the door I said
Knock-knock-knock on the door!
I mingled with the dead with my Ouija board but not anymore

On fright night such a catastrophe
On fright night such a catastrophe
On fright night such a catastrophe
On fright night such a catastrophe
